您是否犯上一些不该犯的英语错误？

我们当中很多人都听得懂英语，但常面对发音不准的窘境。如 "three" 和 "tree", "I beat him in shuttlecock" 和 "I bit him in shuttlecock", "I got a fright" 和 "I got a fry".

那是因为我们缺乏讲英语的机会。为了克服这问题，MELALA (Muar English Language Accelerated Learning Academy) 麻坡英语教育中心提供英语速学法，特别提供一对一或小班制(家庭成员或亲朋好友)，让你能以自己的学习进度掌握英语，在短期内学会超过三千个有用的词汇并说得一口流利的英语。

速学法确实能带来四倍功效

【见证】"我曾在麻坡某家著名的英语学院进修，但都无法学以致用。然后我就尝试MELALA的速学法。"

我最喜欢它的以下特点：

- 1.我能在家里自修(词汇及发音)。
- 2.我只需来找Mrs Belinda更正我的错误。
- 3.因为速学法的其中一项要诀是把所有的更正记录下来，所以我能记得更多。

我在此推荐Mrs Belinda的MELALA给所有想认真学习英语的人士。"

Do You Make these Mistakes In ENGLISH?

Many MALAYSIANS can *Understand* spoken English but mispronounce many words. This is because they get little practice *SPEAKING* in large classes. Accelerated Learning in individual or small group tuition using *Accelerated Learning* can help you sound like a native speaker. As a start the "th" sound is often mispronounced so that "three" sounds like "tree". Often, long sounds are shortened giving embarrassing results. For example, I beat him in shuttlecock can sound like "I BIT him in shuttlecock." Many Chinese Malaysians drop the last consonant (hard sound) of a word as the sound is not in the Chinese language. e.g. "I got a fright" can sound like "I got a fry" which can really confuse a native English speaker.

ACCELERATED LEARNING PROVES FOUR TIMES MORE EFFECTIVE.

TESTIMONIAL: *I have done tuition with one of the big name English Language institutes in Muar before.*

I forgot a lot. Then I tried MELALA coaching with Accelerated Learning techniques. The things I like most about it are:

- 1) *I learned what I could at home (vocabulary and pronunciation.)*
- 2) *I only came in to Mrs Belinda to get corrections done.*
- 3) *Because part of the Accelerated Learning system is writing down corrections, I remembered much more.*

I recommend Mrs Belinda's MELALA to anyone who is serious about learning English. Lawrence Chong Wei Chorn Sept 2006
